

The Academy at Ocean Reef
Covid Protocols for Families for the 2022-23 School year

The health and safety of every child at The Academy is of the utmost importance. We continue to carefully monitor the CDC guidelines, as well as the recommendations from The Medical Center at Ocean Reef, regarding Covid protocols.

Should your child test positive for Covid:

Child should remain in quarantine for 5 days. A negative test result is not required to return to school. Students are encouraged to wear masks in school for 5 days following their return to school.

Should someone in your household test positive for Covid:

Monitor your child for symptoms. If cold or flu like symptoms exist, please test your child. If the test is positive, quarantine your child for 5 days from the first day of the positive test results. A negative test result is not required to return to school.

Should someone in your child's class test positive for Covid:

Actively monitor your child over the next week for any cold or flu like symptoms. If there are symptoms, please have your child tested. If positive, please quarantine for 5 days from the first day of the positive test. A negative test result is not required to return to school.

As always, if your child is experiencing cold/flu symptoms, we strongly encourage you to keep them at home.
